1. Lisen Plant No. 5 of Zbrojovka Brno has a daily production rate of 25 Zetor
25 tractors, and a somewhat smaller rate of Zetor 15 tractors. Both models
are exported to Poland. The
engines for these tractors are produced by the Zbrojovka plant in Brno-
Zabrdovice. Castings are supplied by the Trinec Steel Works, Stork Machine
Works in Brno, and the Prvni Brnenske Tovarny in Brno. Electric fittings
are furnished by PAL in Kbely. Production difficulties are caused by the
poor quality of the castings and a shortage of electric fittings.
